

STUDIES ON SRI MANAGEMENT AND IMPACTS

REPORTS FROM 19 COUNTRIES

AFGHANISTAN

SRI contributions to rice production dealing with water management constraints in north-eastern Afghanistan – V. Thomas and A.M. Ramzi, *Paddy & Water Environment*, 9:101-109 (2011).

Rice production under water management constraints with SRI methods in northeastern Afghanistan -- A.M. Ramzi and H. Kabir, *Taiwan Water Conservancy*, 61: 76-85 (2013).

BANGLADESH

Final Evaluation Report on Verification and Refinement of the System of Rice Intensification (SRI) Project in Selected Areas of Bangladesh (SP 36 02) -- A.M. Husain et al., BRAC/SAFE/POSD/Syngenta-Bangladesh, Dhaka (2003). <http://sri.cals.cornell.edu/countries/bangladesh/bangpetfrep.pdf>. *An evaluation for the IRRI/Bangladesh program.*

Validation of the system of rice intensification (SRI) in Bangladesh -- M.A. Latif et al., *Field Crops Research* (2005), 93:281-292.

CAMBODIA

Potential of the System of Rice Intensification (SRI) for Cambodia --- J. Anthofer, GTZ, Phnom Penh (2004). <http://www.foodsecurity.gov.kh/sri/documents/Potential-SRI%20Cambodia-ENG.pdf>. *An evaluation for the German Agency for Technical Cooperation (GTZ).*

CHINA

A socio-economic assessment of the System of Rice Intensification (SRI): A case study from Xinsheng Village, Jianyang County, Sichuan Province (水稻强化栽培体系的经济影响评估—来自四川省简阳市新胜村的案例研究) -- X.Y. Li et al., *Chinese Rural Economy*, 13-22 (2006). <http://sri.cals.cornell.edu/countries/china/cnciadeng.pdf>

Agricultural water savings possible through SRI for water management in Sichuan, China -- J.G. Zheng et al., *Taiwan Water Conservancy*, 61: 50-65 (2013).

GAMBIA

An opportunity for increasing factor productivity for rice cultivation in The Gambia through SRI -- M. Ceesay, *Paddy & Water Environment*, 9: 129-135 (2011).

INDIA

Productivity impacts of the system of rice intensification (SRI): A case study in West Bengal, India -- S.K. Sinha and J. Talati, *Agricultural Water Management*, 87: 55-60 (2007). *An evaluation for the International Water Management Institute (IWMI).*

Potential of the system of rice intensification for systemic improvement in rice production and water use: The case of Andhra Pradesh, India -- R. Adusumilli and S.B. Laxmi, *Paddy & Water Environment*, 9: 89-97 (2011).

INDONESIA

A review of on-farm evaluations of system of rice intensification methods in Eastern Indonesia --S. Sato and N. Uphoff, *CAB Reviews*, 2, No. 54 (2007).

Strategies and engineering adaptations to disseminate SRI methods in large-scale irrigation systems in Eastern Indonesia --- S. Sato et al., *Paddy & Water Environment*, 9:79-88 (2011).

IRAQ

Irrigation water reduction using System of Rice Intensification compared with conventional cultivation methods in Iraq -- K.A. Hameed et al., *Paddy & Water Environment*, 9: 121-127 (2011).

Irrigation water use efficiency for rice production in Southern Iraq under System of Rice Intensification (SRI) management -- K. A. Hameed et al., *Taiwan Water Conservancy*, 61: 86-93 (2013).

KENYA

Introduction of the System of Rice Intensification in Kenya: Experiences from Mwea Irrigation Scheme -- B.M. Mati et al., *Paddy & Water Environment*, 9: 145-154 (2011).

Improving land and water productivity in basin rice cultivation in Kenya through System of Rice Intensification (SRI) -- M. Nyamai et al., *Agricultural Engineering International: CIGR Journal*, 14: 1-9 (2012).

MADAGASCAR

Better technology, better plots, or better farmers? Identifying changes in productivity and risk among Malagasy rice farmers -- C.B. Barrett et al., *American Journal of Agricultural Economics*, 86: 869-888 (2004).

MALI

The system of rice intensification as a sustainable agricultural innovation: introducing, adapting and scaling up a system of rice intensification practices in the Timbuktu region of Mali -- E. Styger et al., *International Journal of Agricultural Sustainability*, 9: 67-75 (2011).

Application of system of rice intensification practices in the arid environment of the Timbuktu region in Mali -- E. Styger et al., *Paddy & Water Environment*, 9: 137-145 (2011).

MYANMAR

The System of Rice Intensification with farmer field school methods in northern Myanmar -- H. Kabir and N. Uphoff, *Experimental Agriculture*, 43: 463-476 (2007).

PAKISTAN

Technical adaptations for mechanized SRI production to achieve water saving and increased profitability in Punjab, Pakistan -- A. Sharif, *Paddy & Water Environment*, 9: 111-119 (2011).

PANAMA

On-farm evaluation of a low-input rice production system in Panama ---M.S. Turmel et al., *Paddy & Water Environment*, 9: 155-161 (2011).

SENEGAL

Yield, water productivity and nutrient balances under the System of Rice Intensification and Recommended Management Practices in the Sahel -- T.J. Krupnik et al., *Field Crops Research*, 130: 155-167 (2012).

SRI LANKA

The practice and effects of the System of Rice Intensification (SRI) in Sri Lanka -- R. Namara et al -- *Quarterly Journal of International Agriculture*, 47: 5-23 (2008). *An evaluation for the International Water Management Institute (IWMI)*.

TANZANIA

Adopting the system of rice intensification (SRI) in Tanzania: A review: -- Z. Katambara et al., *Agricultural Sciences*, 4: 369-375 (2013).

THAILAND

Assessing the potential of SRI management principles and the FFS approach in Northeast Thailand for sustainable rice intensification in the context of climate change – A. Mishra et al., *International Journal of Agricultural Sustainability*, 11:4-22 (2013).

VIETNAM

Oxfam America: Learning from the System of Rice Intensification in Northern Vietnam – Policy Briefs on Scaling Up in Agriculture, Rural Development and Nutrition, Brief No. 15, Intl. Food Policy Research Institute, Washington, June (2012) -- <http://www.ifpri.org/publication/oxfam-america-learning-system-rice-intensification-northern-vietnam?print>

REPORTS ON SRI FROM OVER 50 COUNTRIES ARE AVAILABLE AT:
<http://sri.cals.cornell.edu/countries/index.html>
